Terry, this video is a technical educational video for training teachers on Indoor Air Quality in their classrooms. Cristina Schulingkamp are watching the taping and offering advice as technical experts.

To avoid this confusion WILL NOT appear in the video. I hope this makes it easier.

Hi Bonnie,

I responded to your vm. I need to run this by RA. I'll get back to Lorna and Paula as soon as I get his input/decision. I also need to know [that Randy is aware and ok with Lorna representing EPA in the video](#). Thanks. – Terri

Hi Terri - -Per my voicemail, I'm just following up on any approvals needed for Lorna to participate in this video. If there are any concerns about her participating, please let us know ASAP.

After this morning, I'll be out until July 26, so if you have any questions, please call Lorna . The taping is scheduled for July 20.

Thanks Terri !

Hey Terri -- I just entered this into ROCs ( see Lorna's message below) , but I since I'm not sure what approvals we need, I would like guidance from OCGR before we move forward.

Please let me know what needs to be done, so we can move forward. I'm in Thursday morning and then out next week - - The taping is scheduled for July 20.

Any guidance you can provide is greatly appreciated.

Thanks Terri !!

Hi Bonnie,

Cristina and I were invited to Howard County by the School Director of Facilities, Olivia Claus to input and possibly participate in a training video being shot for their Safe and Healthy Schools training. **This video will only be used for training Howard County School teachers on healthy classroom maintenance.** Olivia wanted our input on school indoor air and tools for schools.

I do not know how long the final video will be (I imagine 5 minutes or so). If Cristina and I are featured it would be in a cameo as subject matter experts.

**Please let me know if it would be ok to appear in the video. The filming will be done in the high school film studio.**
